Fare Share Devon FareShare is the UK's national network of charitable food redistributors, made up of 18 independent organisations. Together, we take good quality surplus food from right across the food industry and get it to more than 10,500 frontline charities and community groups.	The food we redistribute is nutritious and good to eat. It reaches charities across the UK, including school breakfast clubs, older people's lunch clubs, homeless shelters, and community cafes. Every week we provide enough food to create almost a million meals for vulnerable people. We offer two options for getting food – a paid for service with a FareShare Community Food Membership or the opportunity to collect free surplus food from your local supermarket through FareShare Go.	https://fareshare.org.uk/fareshare-centres/devon/ Email: fssouthwest@fareshare.org.uk
